Operation:

Playing music in Bluetooth mode

Slide the power button to the on position to turn the BT-100 on. Bluetooth is ready to pair when the blue light flashes. Find "PBX Home Audio" on your Bluetooth enabled device and pair. The blue light will stop flashing and shine steady on. Your Bluetooth is now paired successfully. Start playing your favorite music through the BT-100.

Playing music in Line Input mode

Plug your music devices output into the supplied 3.5mm cable. Plug the other end into the LINE IN receptacle. You are now ready to start playing your favorite music via LINE IN input.

Answering, talking and hanging up phone calls

After you have successfully paired your Bluetooth enabled phone to the BT-100, you can answer, wirelessly talk and hang up the phone.

When the phone rings, press the Phone button and talk in a normal voice in close proximity to your BT-100. When you are finished with the phone call, press the Phone button to hang up the phone call and resume playback of your music.
